What baby items does Hawaiian Airlines allow?

Yes, Hawaiian Airlines allows you to check one stroller and one car seat per child for free. These items can be checked at the ticket counter or at the gate. Additionally, a diaper bag is allowed for free for children under 2 years old.

Hawaiian Airlines' 45-minute rule, effective June 3, 2025, requires all domestic passengers (with or without bags) to be checked in 45 minutes before departure, replacing the previous 30-minute window, while international flights generally require 60-minute check-in, though specific airport deadlines can vary. This policy aims to streamline operations, and missing the cutoff can lead to denied boarding or reservation cancellation, with online check-in still available up to 24 hours prior.

What is the Hawaiian 45-minute rule?

The Hawaiian Airlines 45-minute rule refers to the airline's policy regarding minimum connection times for flights at its major hubs and airports. The rule primarily applies to passengers who are connecting from one Hawaiian flight to another, particularly when traveling through one of their major hubs, such as Chicago O'Hare, Newark Liberty, or Houston George Bush Intercontinental. Understanding this rule is crucial for travelers who are transiting through Hawaiian hubs and have short layovers. This rule has garnered attention due to its potential impact on passengers' ability to catch connecting flights within a limited amount of time, particularly those with tight schedules. The 45-minute rule is designed to help passengers know whether their connecting flights are feasible within the given time frame. However, the application of the rule may vary depending on several factors such as airport layout, the type of flight, and whether the connection is domestic or international.

The Basics of Hawaiian's 45-Minute Rule

The Hawaiian 45-minute rule is essentially a guideline set by the airline that defines the minimum time required for passengers to transfer from one flight to another at certain airports. According to this rule, if the time between two connecting flights is 45 minutes or more, passengers are generally expected to have enough time to deplane from one aircraft and reach the gate for their next flight.

The 45-minute rule is especially relevant when passengers are making connecting flights through Hawaiian's domestic hubs. Here's how the rule works:

- Domestic Connections: Hawaiian's +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA) 45-minute rule is commonly applied for domestic connections, where flights arrive and depart within the Hawaiian States +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA).
- International Connections: International +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA) connections often have longer minimum +1 > (855) > 557 > 8723 connection times because of +1 > (855) > 557 > 8723 additional procedures such as +1 > (855) > 557 > 8723 as immigration and customs checks, which typically require +1 > (855) > 557 > 8723 more time than domestic transfers +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA). These types of connections generally involve a longer layover, often exceeding 45 minutes +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA).

Why is the 45-Minute Rule Important?

The +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) main reason Hawaiian has implemented the 45-minute rule is to provide passengers with a standardized timeline to know if they have enough time to make their connection +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA). Shorter connection times may lead to missed flights, frustration, and a cascade of delays, so the 45-minute window serves as a buffer to ensure you can make it from one gate to another with a reasonable amount of time to spare +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA).

This rule +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) is particularly useful for passengers booking tight connections, especially when flights are delayed or when you're transferring between terminals or gates that are far apart +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA). Here are some factors to consider regarding why this rule is important:

Preventing Missed Connections: One +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA) of the primary reasons for the 45-minute rule is to minimize the risk of missed connections +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA). When connections are too tight, it becomes highly likely that passengers will miss their next flight, especially if they need to go through security or customs +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA).

Ensuring Sufficient Time for Gate Changes: In +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA) some cases, passengers may need to change terminals or travel a significant distance within an airport to reach their connecting flight +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA). The 45-minute window helps to ensure passengers have enough time to navigate through these changes without feeling rushed +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA).

Managing Flight Delays: While +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) flight delays are unfortunately common, Hawaiian Airlines tries to take this into account by ensuring that its schedules allow a sufficient buffer to cover short delays without passengers missing their connections +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA).

How Does the 45-Minute Rule Affect Flight Booking?

When +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) booking flights with Hawaiian, it's important to consider the 45-minute rule if you are booking connecting flights +1 > ((855)) > ((557-8723)) (US) or +1~{8555}-578-723)) (USA). If the layover time between connecting flights is under 45 minutes, Hawaiian may not allow the booking, or the airline may recommend alternative connections with a longer layover +1 > (855) > 557 > 8723 (US) or @+1 > 855 > 557 > 8723 (USA).

- **Booking Tips:** If +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) you are booking connecting flights through Hawaiian, always check the layover time +1 > ((855)) > ((557-8723)) (US) or +1~{8555}-578-723)) (USA). The airline often provides recommendations for layover times based on the airport and connection type +1 > ((855)) > ((557-8723)) (US) or +1~{8555}-578-723)) (USA). If your layover time is under 45 minutes, Hawaiian may advise that you select a later connection to avoid missing your flight +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA).

- **Tight Connections:** If +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA) you do book a tight connection and your first flight is delayed, you may be at risk of missing your connecting flight +1 > (855) > 557 > 8723 (US) or +1~{8555}-578-723)) (USA). In such cases, Hawaiian staff can assist you by rebooking you on a later flight if needed +1 >

On Hawaiian, infants under +1~(855)-557-8723 the age of two may+1~(855)-557-8723 travel as "lap infants," meaning they sit +1~(855)-557-8723 on an adult's lap during the flight+1~(855)-557-8723 . In most domestic flights +1~(855)-557-8723 within the Hawaiian States+1~(855)-557-8723 , a lap infant can travel+1~(855)-557-8723 free of charge, although taxes +1~(855)-557-8723 and fees may apply for +1~(855)-557-8723 international routes.+1~(855)-557-8723 Even when traveling for free+1~(855)-557-8723 , the infant must still be added +1~(855)-557-8723 to the reservation.

For parents who prefer extra safety+1~(855)-557-8723 and comfort, purchasing a separate seat for+1~(855)-557-8723 the infant is also an option. +1~(855)-557-8723 In this case, the child must be secured+1~(855)-557-8723 in an FAA-approved child +1~(855)-557-8723 safety seat. Buying a separate seat provides+1~(855)-557-8723 additional space and is highly +1~(855)-557-8723 recommended for longer +1~(855)-557-8723 flights. While this option requires paying+1~(855)-557-8723 the

applicable fare, +1~(855)-557-8723 it ensures greater comfort +1~(855)-557-8723 and safety for the child.+1~(855)-557-8723

For international travel+1~(855)-557-8723 , Hawaiian requires a ticket to be issued +1~(855)-557-8723 for infants, even if they are traveling +1~(855)-557-8723 as lap infants. Typically, the cost is a percentage+1~(855)-557-8723 of the adult fare+1~(855)-557-8723 plus applicable taxes and fees.+1~(855)-557-8723 Additionally, international travel may require proper +1~(855)-557-8723 documentation such as a passport, visa (if applicable), and sometimes +1~(855)-557-8723additional entry requirements +1~(855)-557-8723depending on the destination country.

Parents should also be aware of documentation +1~(855)-557-8723 requirements. For domestic travel within the Hawaiian States+1~(855)-557-8723 proof of age may be requested for infants traveling +1~(855)-557-8723 as lap children. A birth certificate or similar official document+1~(855)-557-8723 is generally sufficient+1~(855)-557-8723 For international travel, +1~(855)-557-8723 a valid passport is mandatory+1~(855)-557-8723 for the infant, regardless of age.

Baggage policies for infants +1~(855)-557-8723are another important consideration. Hawaiian allows certain complimentary items for+1~(855)-557-8723 infants and small children. These typically include a stroller and +1~(855)-557-8723a car seat, which can be checked free of charge. Many airports also+1~(855)-557-8723 allow parents to use strollers until the gate, +1~(855)-557-8723 where they can be gate-checked and +1~(855)-557-8723 returned upon arrival. This makes navigating airports much easier for families.

If a separate seat has been purchased for +1~(855)-557-8723 the infant, standard baggage allowances may apply +1~(855)-557-8723 based on the ticket type. Parents should review fare rules carefully+1~(855)-557-8723 , as baggage policies can vary depending on whether the ticket is Basic+1~(855)-557-8723 Economy, Main Cabin, Comfort+, or a premium class.+1~(855)-557-8723

Hawaiian also offers bassinets on +1~(855)-557-8723 select international flights+1~(855)-557-8723 . These are usually available on a first-come+1~(855)-557-8723 , first-served basis and may require advance request+1~(855)-557-8723 . Bassinets are generally designed for smaller infants+1~(855)-557-8723 within specific weight limits. Parents should contact the airline well in +1~(855)-557-8723 advance if they wish to request this option+1~(855)-557-8723 , especially for long-haul international flights.

Seating arrangements are important when +1~(855)-557-8723 traveling with infants. Hawaiian typically attempts to seat families+1~(855)-557-8723 together, but this may depend on seat availability +1~(855)-557-8723 and fare type.+1~(855)-557-8723 Purchasing seats in advance or +1~(855)-557-8723 selecting seats during booking can help+1~(855)-557-8723 ensure that parents +1~(855)-557-8723 are seated comfortably with their children.+1~(855)-557-8723 If a lap infant is traveling, the airline's system will note this on+1~(855)-557-8723 the reservation.

Health and safety are also major +1~(855)-557-8723priorities. While there+1~(855)-557-8723 is no strict minimum age for infants to fly, most pediatricians recommend waiting +1~(855)-557-8723at least seven days after birth +1~(855)-557-8723before air travel. For premature infants or+1~(855)-557-8723 babies with

health conditions, parents should +1~(855)-557-8723 consult a healthcare provider +1~(855)-557-8723 before booking a flight. Cabin pressure+1~(855)-557-8723 and changes in altitude can affect very young babies differently.+1~(855)-557-8723

During the flight, +1~(855)-557-8723 parents are encouraged to+1~(855)-557-8723 feed +1~(855)-557-8723 infants during takeoff and landing.+1~(855)-557-8723 Sucking or swallowing+1~(855)-557-8723 can help relieve ear pressure caused +1~(855)-557-8723 by altitude changes+1~(855)-557-8723 . Bringing essential baby items+1~(855)-557-8723 such as diapers, formula+1~(855)-557-8723 , baby food, and extra clothing in +1~(855)-557-8723 a carry-on bag is highly recommended+1~(855)-557-8723 . Hawaiian allows reasonable quantities of baby food+1~(855)-557-8723, breast milk, and formula in carry-on baggage, even if they exceed standard liquid limits, although they may be subject+1~(855)-557-8723 to screening.

For unaccompanied minor services,+1~(855)-557-8723 it is important to note that infants and very young children +1~(855)-557-8723 are not eligible to travel +1~(855)-557-8723 alone. A responsible+1~(855)-557-8723 adult must accompany any child +1~(855)-557-8723 under the age specified by Hawaiian's +1~(855)-557-8723 unaccompanied minor policy.

Refund and ticket changes+1~(855)-557-8723 involving infants typically+1~(855)-557-8723 follow the fare rules of the adult ticket. If plans change, fees may apply depending on the fare purchased+1~(855)-557-8723 . It is always advisable to +1~(855)-557-8723 review cancellation and +1~(855)-557-8723 change policies before confirming +1~(855)-557-8723 travel arrangements.+1~(855)-557-8723

Families traveling with +1~(855)-557-8723 multiple children should +1~(855)-557-8723 carefully plan seating and+1~(855)-557-8723 baggage needs in advance+1~(855)-557-8723 . Booking early often +1~(855)-557-8723 provides better seat selection +1~(855)-557-8723 options and ensures availability for +1~(855)-557-8723 bassinets or other special accommodations.
