Let's talk about the part you've been waiting for — **how to get free dice and rolls**. The good news? There are **plenty of legit ways** to stock up without paying a dime.

Here's your ultimate list:

1. Claim Daily Free Dice Links

Every day, **Scopely (the game developer)** releases **new reward links** that offer free dice. These links are shared through:

- Official **Facebook Page**

- Official **X (Twitter)** handle

- **Discord Communities**

- **Reddit Monopoly Go forums**

Just click the link, and it will **redirect you to the Monopoly Go app**. A pop-up appears confirming your reward. Done!

Pro Tip: Bookmark a trusted reward page so you never miss a daily drop.

2. Log In Daily

Monopoly Go rewards loyal players. Each **daily login** gives you **bonuses**, including:

- Free Dice Rolls

- Coins

- Stickers

The longer your login streak, the **bigger the rewards** become.

3. Complete Daily Missions

Each day, you'll see **missions** like:

- Upgrade a landmark

- Visit friends' boards

- Collect rent

Finish these, and you'll earn **bonus dice rolls** automatically.

4. Join Tournaments & Events

Events like:

- **Board Rush**

- **Sticker Boom**

- **Landmark Sprint**

- **Treasure Dig**

… reward players with **hundreds of dice rolls** upon completion. Save your rolls for these **high-reward periods** to maximize gains.

5. Invite Friends

Monopoly Go rewards social players! Invite your friends via link or Facebook, and you'll both receive **bonus dice** when they join.

6. Complete Sticker Sets

Each completed **sticker album** unlocks **free dice, cash**, and even **limited-edition rewards**. Keep trading stickers with friends to finish sets faster.

7. Level Up Landmarks

Every time you **build or upgrade** landmarks, you receive bonus rolls. Don't let your **coins sit idle** — invest them and earn more dice.

8. Spin the Wheel

Sometimes you'll get a **free spin** from in-game events. Landing on specific tiles like **"Roll Bonus"** or **"Free Dice"** can give you a quick boost.

How to Use Dice & Rolls Wisely

You've got dice — now let's use them **strategically**.

1. Save Dice for Events

During **double reward events**, each roll counts for **extra prizes**. Don't waste them outside of event windows.

2. Target High-Value Spots

Use **multiplier rolls** (x2, x5, x10) to hit big rewards faster. But be careful — they burn dice quickly.

3. Play When Boosts Are Active

Certain boosts like **"Rent Frenzy"** or **"Cash Grab"** multiply your rewards. Combine dice rolls with these boosts for massive gains.

4. Don't Hoard

The dice refill slowly, but the game keeps giving bonuses. **Spend smart**, but **don't save indefinitely** — you'll miss out on timed rewards.

Safe Sources for Free Dice & Rolls

Not all reward links are safe. Some fake websites promise "unlimited dice" but instead try to **phish your data** or install malware.

Here's how to **stay safe**:

Use only **official sources**
Check for **HTTPS** in the URL
Avoid sites asking for:

- Passwords

- Credit card info

- App downloads

If a site claims to **generate dice instantly**, it's fake. Stick to **official Monopoly Go channels** and **trusted gaming blogs**.

Dice Regeneration – How Often Do You Get Free Rolls?

Monopoly Go refills your dice **automatically over time**. Typically, you get **5 dice every hour** until you reach your limit.

But if you're an **active player**, you'll burn through dice faster than they refill. That's why daily links and event rewards are **essential** for continuous play.

Events That Reward Extra Dice Rolls

Keep an eye on **in-game events** — they're the **fastest way to earn bulk dice**. Some popular ones include:

- **Milestone Challenges** – Hit certain goals and earn dice bundles.

- **Seasonal Events** – Like Spring Rush or Winter Fest.

- **Build Contests** – Upgrade landmarks to unlock dice tiers.

- **Anniversary Bonuses** – Special drops during game milestones.

Tip: Follow official Monopoly Go accounts for event calendars and **pre-event reminders**.

Can You Buy Dice Rolls?

Yes, but it's optional. You can purchase dice using **real money** from the in-game store. Bundles often include:

- Dice Rolls

- Cash Boosters

- Sticker Packs

If you're a **free-to-play user**, skip this and focus on **daily rewards and events**. The game offers enough **free dice** if you stay active.

Advanced Strategies to Maximize Dice Rewards

Ready to play like a pro? Here's how to squeeze every roll for maximum value:

1. Stack Multipliers

During **Rent Frenzy** events, use x10 rolls to collect **massive rewards**.

2. Build in Batches

Instead of upgrading one landmark at a time, save cash and **build multiple at once** to unlock combo bonuses.

3. Join a Club

Clubs offer **group milestones** that reward all members with **free dice**.

4. Combine Login + Link Bonuses

Start your session by claiming **daily dice links** and **login rewards** together. You'll always begin with a big stack.

5. Avoid AFK Rolling

Every roll matters. Play **actively** — land on bonuses, trigger events, and **make each roll count**.

Common Mistakes to Avoid

Even experienced players waste dice sometimes. Here's what **not to do**:

- Rolling randomly without checking events

- Ignoring free reward links

- Using multipliers on low-value tiles

- Hoarding dice for too long

Plan your moves — your dice supply is **limited but powerful**.
